

# 2018 CHENANGO COUNTY RABIES CLINICS

## ATTENTION DOG, CAT, AND DOMESTICATED FERRET OWNERS JULY, AUGUST, AND SEPTEMBER RABIES CLINICS

**ELECTRONIC SIGN-UP IS AVAILABLE:** <http://health.ny.gov/go2clinic/9>

New York State Public Health Rabies Law requires **all dogs, cats, and domesticated ferrets to receive immunization against Rabies no later than four months of age** and NYS Ag & Markets requires **dogs to be licensed at four months of age**.

If your dog, cat or ferret is **not currently vaccinated** against rabies and is involved in biting an individual, it must be confined for 10 days at an approved facility at the **owner's expense**. If the animal is **currently vaccinated** and involved in a bite incident, it may be confined at home, for the 10 day period.

If your animal is bitten by or exposed to a rabid or suspected rabid animal and is **currently immunized**, a vaccine **booster dose must be administered within 5 days**. If **unvaccinated**, the animal must be adequately (approval required) quarantined for 6 months in accordance with Public Health Law.

When attending a rabies clinic, animals must be under control. Dogs must be on a leash. Cats should be transported in a box, crate, pillowcase, or other container.

**Animals vaccinated for the very first time must be re-vaccinated the following year to qualify for three year coverage at that time. Please bring the previous vaccination record to verify if your pet is eligible for 3 year coverage.**
